

INSTRUCTIONS

BUSINESS OWNER/OPERATOR ID FORM
 (HAZARDOUS MATERIAL FACILITY INFORMATION)

I. FACILITY IDENTIFICATION:

Enter the reporting period (year beginning and ending) for the facility information.

Enter the business name and site address and phone number of your business. Do not use P.O. Box numbers.

Enter the Dunn & Bradstreet or Federal Tax Identification number for your business.

Enter the Standard Industrial Classification (SIC) number for your business. Each type of business has a Standard Industrial Classification code number. Some common SIC codes are listed on the bottom of this page. Other SIC codes may be obtained from your worker’s compensation insurance forms, the State of California Employment Development Department, or by calling our office at 326-3979.

Enter the name and phone number of the person responsible for operating the business.

II. OWNER INFORMATION:

List the legal business owner or corporation name and provide the headquarter address or residential address if owned by an individual and phone number.

III. ENVIRONMENTAL CONTACT:

Identify the person who is primarily responsible for environmental compliance at the business. This person may be either the business owner, one of the emergency contacts, an environmental manager, or consultant.

IV. EMERGENCY CONTACTS:

List the name, title, and phone numbers of two people at the business who can respond if the Bakersfield Fire Department requires additional information or other assistance. These contact persons must have keys or access to all areas of the facility, be available for emergency call-outs, and have decision-making authority to call on other resources (such as hazardous waste clean-up companies) as necessary.

V. CERTIFICATION:

The business owner or operator must sign, date, and also identify the document preparer.
